

Industry Contact Forum 2016 Program

October 27th, 2016

Hans Knöll Institute (HKI), new building A8,
Beutenbergstr. 11a, 07745 Jena

Lecture Hall Koch & Pasteur

09:00

Welcome

Prof. Dr. Oliver Kurzai, ZIK Septomics, Leibniz Institute for Natural Product Research and Infection Biology- Hans-Knöll-Institute-

09:10

Talks of Doctoral Researchers

Svenja Mamerow (InfectControl2020), Friedrich-Loeffler-Institut, Greifswald - Insel Riems

“Development of Novel Double-Attenuated Influenza A Live Vaccines in Swine”

Toni Förster and Stefanie Allert (CRC/Transregio 124 FungiNet), Leibniz Institute for Natural Product Research and Infection Biology – Hans Knöll Institute (HKI) –, Microbial Pathogenicity Mechanisms

“*Candida albicans* factors associated with intestinal interactions and translocation”

Nadine Legros (InfectControl2020), Universitätsklinikum Münster, Institute of hygiene

“Glyco-receptors of viral and bacterial pathogens: potential for development of diagnostic kits and/or tools for infection prevention?”

10:10

Coffee Break and Industry Exhibition

11:00

Industry Talks

Dr. Matthias Grün, Jena Bioscience GmbH, Jena

“Jena Bioscience: 20 years of a Biotech venture”

Dr. Julia Schümann, Wacker Biotech GmbH, Jena

Anforderungen und Berufsperspektiven für Nachwuchswissenschaftler in der Industrie am Beispiel der Wacker Biotech GmbH

12:00

Lunch Break and Industry Exhibition

13:00 Talks of Doctoral Researchers

Hanno Schoeler (CRC/Transregio 124 FungiNet), Friedrich-Schiller-Universität Jena,
Institut für Mikrobiologie

„Deciphering the Recognition Process of the Human Pathogenic Fungus *Aspergillus fumigatus* by the Immune System with Live-Cell Imaging and Analysis of Fungal Mutant Strains“

Miguel Tovar (JSMC), Leibniz Institute for Natural Product Research and Infection Biology – Hans Knöll Institute (HKI), Bio Pilot Plant
tbd

Max Hennig (InfectControl2020), Friedrich-Schiller-Universität Jena, Chair of
Materials Science

“Interactions of Biological Systems on Materials Surfaces“

14:00 Industry Talk

Dr. Sabina Heim, Ascenion GmbH, Braunschweig

“Mediator between science and business - Technology Transfer Professional“

Industry partners

- Alere Technologies GmbH
- Analytik Jena AG
- Ascenion GmbH
- BioControl Jena GmbH
- Biotype Diagnostic GmbH
- IDT Biologika GmbH
- Jena Bioscience GmbH
- Jesalis Pharma GmbH
- Wacker Biotech GmbH
